# What Clients Say

*When I first showed up to a Rachael Jayne event, I was lost, bordering on terrified. Her work challenged me to look within and do a lot of soul searching. I found my purpose. I started a leadership training for women and now travel the nation helping other women step into their power. My business grew quickly. I quadrupled my income. I solidly know my purpose.*

*I knew I had much to live for, but I didn't know what that was. I was in a huge amount of emotional pain for most of my life, eating and drinking to numb out. I was in constant people-pleasing mode and had challenges within my marriage. Rachael Jayne's work changed my life in so many ways. I now have an alcohol-free life. I've lost 70 pounds. My marriage is so much better, and I love my new coaching business. I've never been happier and never more certain about what I'm here to do on this planet.*

**Karen Gruber**

**CEO of Karen Gruber Coaching**

*After my body crashed, I needed to get out of the corporate world and take time to heal. I didn't have any women friends. I was a control freak – in my job and within my family. As I started to Rachael Jayne's work, I made a commitment to do her meditations every day, and it's changed who I am. I lost 50 pounds and have stopped trying to control my family. I've healed my body, teach yoga every day, and know I'll always be fine, no matter what happens.*
